EXAMINER'S AMENDMENT

B
Jp
7/2/00

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Agent Wei Te Chung on July 6, 2000.

2. The application has been amended as follows:

In Claim 12, lines 1-2,

"An electrical connector comprising a base plate fixed to a circuit board"

has been changed to:

BT
--An electrical connector assembly comprising a connector and a circuit board, said connector including a base plate fixed to the circuit board--

[] Claim 1, line 13, after "contacts therein," following has been added.

B2 --the holes in the base plate having shape different than the shape of the bores,--

Claims 20 and 21, have been cancelled.

3. The following is an examiner's statement of reasons for allowance:

16

Applicant's invention of a connector assembly comprising a base plate with bores having contacts and also having holes, which do not contain contacts. The holes are of a different shape than the bores and are arranged in such a way that difference in coefficient of thermal expansion of in two lateral direction is reduced. All the elements taken together, are not found in one single or combination of prior arts, and hence the case is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to T. C. Patel whose telephone number is (703) 308-1736.
